

SARASWATHY ELECTRICALS

*Manufacturers of
Electrical & Electronic Transformers
and Specialists in
Servo & UPS Transformers*

Transforming with a difference

Profile

Saraswathy Electricals was established in the year 1979. The proprietor **Mr. P. Devaraj**, with his expertise and experience has brought the Company to a recognised level.

To start with, the Company concentrated in manufacturing small capacity potential transformers. With the encouragement from its valued customers, new ranges of transformers were added to the production. With further encouraging feedback, the Company started manufacturing higher capacity transformers. At present the Company has excellent infrastructure and a skilled technical team to manufacture professional grade transformers upto 250 KVA for single and multiphase applications.

With the help of the development team, the Company has geared-up and established confidence to undertake new developments and custom made transformers to meet customers' specific needs.

Well equipped...

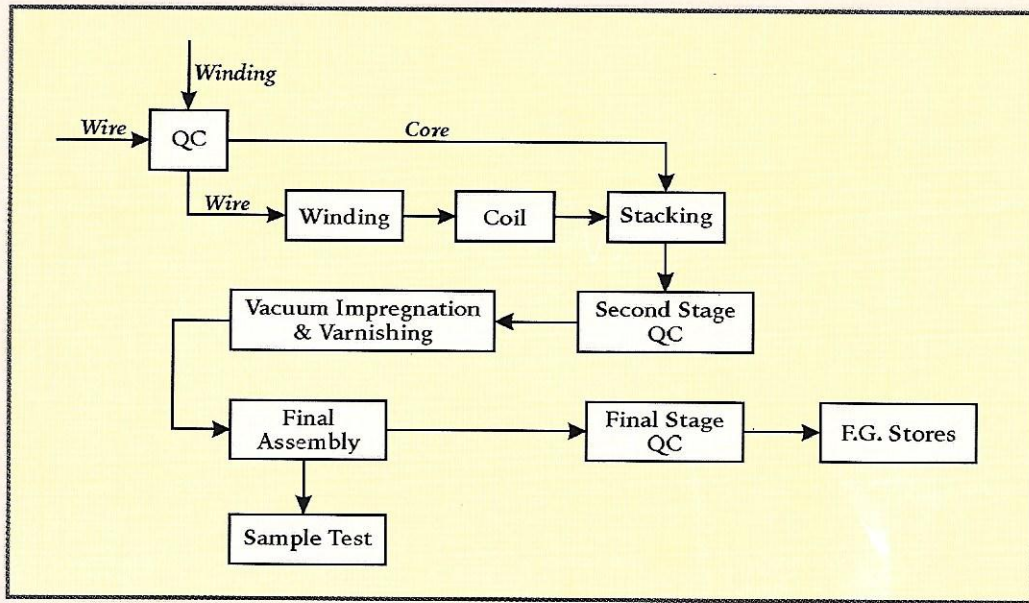

to manufacture

- Power - 3 Coils Winding machines (Long Bed)
- Power - Heavy Duty Coil Winding machines
- Power - Drilling machine
- Power - Grinding machine
- Pin Tags Punching machine
- Vacuum-Impregnation Plant
- Electric Hot Air Drying Oven
- Weighing Machine
- Hylam Cutting machine

and to ensure quality

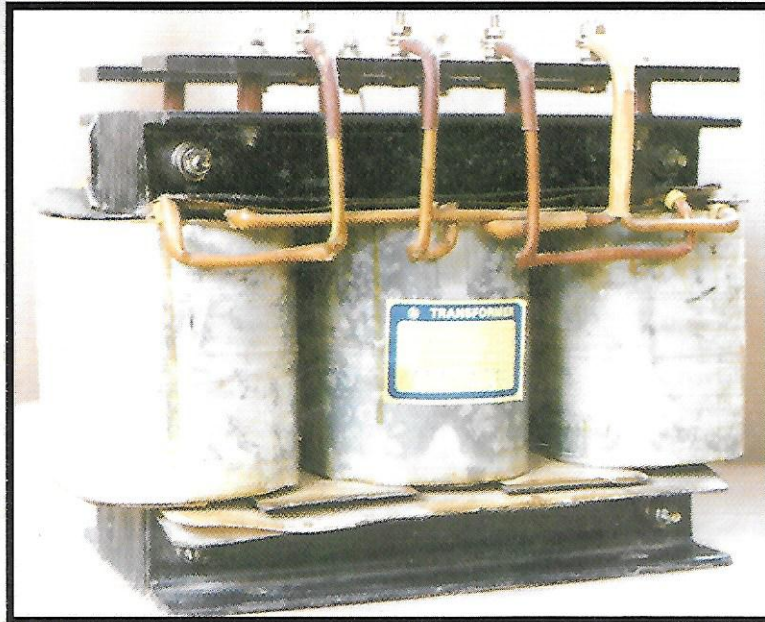

- Testing Panel Board
- 5 KVA High Voltage - Breakdown Tester
- 4 & 28 Amps Dimmer Stats
- Digital Multimeters
- 300 Amps Tong Tester
- Universal Bridge Balance
- Ohms & Watts Meters
- Load Testers (350, 20, 10 Ohms)
- Micro Meter
- Digital Clamp Meter

How we do it

*Transforming
with the
Stamp of
Excellence*

Product Range

Type of Transformer	Application
■ Inverter / Charger Transformer	UPS Systems
■ Buck-Boost Transformer	Servo Stabiliser
■ Auto Transformer	Stabiliser, Step-Up, Step-Down
■ Potential Transformer	Metering, Control Panel, Sensing
■ Current Transformer	Metering, Control Panel, Sensing
■ Isolation Transformer	Supply Isolation
■ Ferrite Core Transformer	SMPS, DC-DC Converter, Telecommunication Instrument
■ AC Choke	Harmonic Filter
■ DC Choke	Power Supply Filter
■ Delta-Delta / Star-Star Step Up / Step Down	Special Application
